

Only One Pool Association Has 5 Skill Levels For A Fair Playing Surface For ALL... **YOURS!**

1) Sports Division... Established to prove our commitment in creating competition and prize money for those not able to effectively compete in the Regular Division.

2) Redemption Division... Created to fill the void where players drop off the loser's side of the bracket after it is too late to enter the Sports Division and before they make any money in the Regular Division.

3) Regular Division... Targeted for the everyday, fun-loving league player who dreams of the opportunity to attend an International Championship to experience this pool frenzy with fellow pool players around the World and find a very fair and competitive playing surface.
(Intermediate & Master players will not be allowed to participate in the Regular Division)
(Exception: One (1) Intermediate FEMALE will be allowed to play on an Open Regular Team)

4) Intermediate Division... Targeted for the average to above average league player who may have some Tournament level experience. Players looking for an awesome week of pool camaraderie with avid players around the World and an excellent opportunity, second to none, to compete against similar talented teams in an effort to earn great prize money, titles and incredible memories.

This awesome field and super payouts filled with spectacular matches right out of the gate eliminates those Regular Division early round scares and losses to less talented teams.
(With only one Master player allowed on a team, all teams will be equally favored.)

5) Masters Division... Targeted at the accomplished pool players who want to test their skills against the best in the World and to gain valuable experience that is nearly impossible to obtain elsewhere.

And Ultimately Substantially Increase Your Cash Boxes!***
